

PRIORITY ERP EXTENDED PROFILE

OVERVIEW

Priority ERP is a scalable and open cloud platform for small to mid-sized businesses and organizations. With several decades of development and innovation, Priority stands out in the industry as one of the most robust and comprehensive ERP platforms available.

Priority ERP offers a comprehensive suite of tools to manage your entire business, including:

- **Finance & Sales:** Handle your finances, customer relationships (CRM), and sales pipeline.
- **Supply Chain & Operations:** Manage your supply chain, manufacturing, distribution, and warehouse operations.
- **Project & Resource Management:** Oversee projects, equipment rentals, and employee time and attendance.
- **Customer & HR Management:** Handle customer service and manage your human resources.
- **Business Insights & Customization:** Use business intelligence tools, manage business processes, and create custom mobile apps and portals.

AI FUNCTIONALITY

Priority ERP's Automation Hub takes care of repetitive tasks so you can focus on the work that needs your expertise. The system's AI learns your preferences and provides recommendations, making your work more efficient and productive.
