

APTEAN FOOD & BEVERAGE ERP FOODWARE EDITION EXTENDED PROFILE

Ready for What's Next, Now®

OVERVIEW

Aptean Food & Beverage ERP Foodware Edition is an ERP system built on the Microsoft Dynamics NAV platform provided by Aptean. It is designed specifically for small and medium-sized businesses in the food sector and acts as an end-to-end platform that takes companies from trade through to production and distribution.

Aptean Food & Beverage ERP Foodware Edition is an ERP for food industry manufacturers and distributors, the software covers much of the specific industry process from recipes to suppliers, to quality control mechanisms. As a food ERP, traceability and compliance tools are central to the system - Aptean Food & Beverage ERP Foodware Edition's quality control features allow companies to keep on top of their product. SI Foodware NAV also offers a host of core functionalities, including finance, production, and party trade. An extensive set of business intelligence tools allows real-time reporting of food-specific key performance indicators and other managerial reports.

The ERP can be installed on-premise or deployed via the cloud and can be accessed remotely through native iOS, Android apps, and other mobile devices with a web browser.

There is a shared community of customers and partners on its site to support businesses in the use of the software and a helpdesk for immediate online support. Schouw Informatisering BV can also provide implementation support.
